

Botanica is where value meets sustainability and delivers a smart range of wines from First Creek with an uncompromising personality. Utilising premium fruit that First Creek's highly regarded winemakers' source from several regional New South Wales vineyards, who meet our clean and ecological approach to farming, the Botanica range comprises on-trend varietals, sustainably made.

BOTANICA PINOT GRIGIO 2024

ABOUT FIRST CREEK

First Creek is a Halliday Wine Companion Red 5-Star Winery. Shortlisted for Best Winery in 2024 and named Winemaker of the Year in 2025 it's exciting times for First Creek Wines. Chief Winemaker Liz Silkman is the only Hunter Valley winemaker to ever be named Halliday Winemaker of the Year, and the first winemaker to be named Hunter Valley Winemaker of the Year three times.

First Creek Wines founders Greg and Jenny Silkman purchased a parcel of land bordered by First Creek in the Hunter Valley in 1998, with great plans to create one of the region's leading family-owned wine brands.

Respecting the traditional land holders the Wonnarua people, who were the first inhabitants of Coquun, now known as the Hunter Valley, and the area being rich in history and culture, the Silkman's set about realising their dreams by combining both tradition and innovation. First Creek Wines were first released in 2005 and have been recognised by Halliday as a 5-star winery consistently every year since 2010, a testament to the Silkman's commitment and the winemaking prowess of Liz Silkman and her team.

WINEMAKERS

Liz Silkman - Chief Winemaker
Annabel Holland - Senior Winemaker

CELLAR DOOR

600 McDonalds Road, Pokolbin
Open 7 days a week 10am-5pm
www.firstcreekwines.com.au

GI

New South Wales

STYLE

A style loved for its Italian origin and food friendliness.

WINEMAKERS NOTES

Delicate elderflower aromatics, with white peach and ripening pear greet the nose. A plush palate of juicy stone fruits and white flowers come before the creamy nuttiness of this medium-bodied gem. Hits the spot with a crisp, bright, refreshing end destination.

IDEAL SERVING TEMPERATURE

7 - 10 degrees

CELLARING POTENTIAL

1 - 3 years
